

TURKEY QUILTS; LEAVING TERMS TO THE ALLIES

COLLAPSE MEANS LOSS OF GERMAN HOLD ON THE EASTERN FRONT.

Peace Proposals Came After Defeat of Ottoman Armies in Palestine and Mesopotamia—Surrender of Bulgaria Left Turkish Frontier Open.

BULLETIN

LONDON, Oct. 31.—The British government, Reuter's Limited says today received definite proposals of peace from Turkey.

BULLETIN

LONDON, Oct. 31.—Reuter's agency has been informed that Great Britain has officially received definite peace proposals from Turkey which are regarded as tantamount to unconditional surrender.

LONDON, Oct. 31.—General Townsend, the British commander captured at Kut-el-Amara, was liberated several days ago by the Turks, Sir George Cave, the home secretary announced in the house of commons today, in order to inform the British admiral in command in the Aegean that the Turkish government asked that negotiations be opened immediately for an armistice.

A reply was sent that if the Turkish government sent fully accredited plenipotentiaries, Vice Admiral Callthorp, the British commander, was empowered to inform them of the conditions upon which the allies would agree to stop hostilities and could sign an armistice on these conditions in their behalf.

Turkey's definite proposals of peace followed the defeats sustained by her armies in Palestine and Mesopotamia and the collapse of Bulgaria, which left her open to attack on another frontier and were not unexpected, altho the Turk in making a bargain is in the habit of waiting for the other side to make an offer.

Great Britain whose troops have taken a major part in the overthrow of the Ottoman forces, naturally is most interested, but it is expected the proposals will be submitted to those allied nations who are at war with Turkey before a reply is sent. It is expected that the terms will be much on the same lines of those given Bulgaria.

Uneasiness is expressed by the newspapers over a report that the allies are prepared to make a bargain with Turkey by which she would be left in possession of Armenia in return for a free passage of the Dardanelles.

It is most probable that a free passage of the straits will be demanded unconditionally.

WASHINGTON, Oct. 31.—Announcement from London that an armistice with Turkey which permits passage of allied warships thru the Dardanelles already is in operation, led naval officers here to believe that an allied fleet soon will pass thru the Black Sea to attack the German naval forces there.

These forces include ships of the Russian Black sea fleet taken over by the Teutons after the collapse of the provisional government in Russia.

Official British reports revealed by Sir Eric Geddes, first lord of the admiralty, during his visit here show that the Germans obtained one superdreadnaught, several battleships of the pre-dreadnaught type and a score of fast destroyers.

Turkey, which now has been granted an armistice, entered the war in November, 1914, when she severed diplomatic relations with Great Britain, France and Russia. She is the second of the central powers to ask the Allies for an armistice. Bulgaria having been given an armistice which led to unconditional surrender, barely four weeks ago.

Military operations began against Turkey on November 5 and Great Britain annexed the island of Cyprus. Turkey entered the war only a few days after the German warships Breslau and Goeben had sought shelter in the Dardanelles which was at once blocked by the Allied fleet. In April, 1915, Allied troops were landed on the Gallipoli peninsula, but the campaign failed and the Allied troops were withdrawn in December of the same year.

The British began a campaign along the Tigris and Euphrates rivers in November, 1914. They advanced to within less than 100 miles of Bagdad but were defeated, retreated to Kut-el-Amara, where they were later forced to surrender. Early in 1917, the British renewed the offensive in Mesopotamia and have continued it successfully, ever since until now they are within a few miles of Mosul.

Turkey sent armies against the British in Egypt and against the Russians in the Caucasus, but the Allies soon drove the Turks back. In Palestine the Allied drive under General Allenby resulted a few days ago in the capture of the important base of Aleppo.

SUGAR ALLOWANCE INCREASED

Washington, Oct. 31.—The sugar allowance of two pounds monthly a person for householders was increased to three pounds monthly today by Food Administrator Hoover, effective tomorrow. The sugar regulations also are revised to permit the purchase of the entire month's supply for family at one time. This relaxation of the sugar restrictions was made possible, Mr. Hoover's statement said, thru the rapid manufacture of the beet sugar crop in the west, the new cane crop in the south, reductions of consumption in manufacturing, freer transportation conditions and patriotic conservation by the public.

EX-PRESIDENTS ISSUE APPEAL TO AMERICANS

ROOSEVELT AND TAFT JOIN IN OPEN LETTER TO PUBLIC

Show Why Republican Congress Should Be Elected—To Deal With Four Great Tasks—Prove Minority Party Has Forced Needed War Measures.

New York, Oct. 31.—Theodore Roosevelt and William H. Taft, issued here today a joint appeal for election of a Republican majority in congress. The statement was said to be the first ever composed and signed by two former presidents of the United States.

Seated at a table in the Union League Club, the statement and the old time at the capital while it was being typed. The appeal follows:

"We approach this subject as Americans and not as politicians. When this war broke out we would have welcomed action by the president which would have eliminated all questions of party politics. It would have enabled us all to stand behind him to the end, without regard to anything except national considerations. Instead of this partisan lines have been strictly drawn from the first and now the president announces that only Democrats can be trusted with future power and only those Democrats who do his will. Because of the reflection on other patriotic Americans we appeal for fair play.

Four Tasks
"The next congress will serve from March 4, 1919, to March 4, 1921. In that period:

"1.—The war must be fought to unconditional surrender, unless this is achieved before the end of the year.

"2.—The terms of world peace must be settled.

"3.—The Democratic administration after expending billions of treasure and exercising more absolute power than any administration in our history must give an account of its stewardship.

The changing way and the conditions to peace must be brought about with the least disturbance and the work of reconstruction must be broadly begun.

A Republican congress will be much better qualified than one controlled by Democrats to aid the country in adopting the measures needed for these four great tasks. First, even as a minority party the Republicans made the winning of the war possible by passing the original draft bill. Without this we could not have trained and landed the two million of men now in France. As a minority party the Republicans forced upon a reluctant president and secretary of state after an injurious delay of four months, the amended draft act.

TELEGRAPH BRIEFS

PANA, Ill.—Lieut. Stephen Link, former chief of police of Taylorville, Ill., has been killed in action with the American forces in Russia, according to word received here today from the war department.

BUFFALO, N. Y.—Fire broke out in the hospital building at Fort Porter this afternoon. The building a long one story frame structure was filled with wounded and shell shocked patients from France.

SAN FRANCISCO.—The return of Tsing Tao taken from Germany by Japan forces will be one of the things China will ask when the allies discuss general peace terms, according to Dr. C. Tsur, newly appointed consul for the republic of China in New York, who is here today enroute to his post.

POUGHKEEPSIE, N. Y.—Nine chrs loaded with chloride were wrecked on the New York Central railroad near Chelsea on Hudson this afternoon, according to telephone advices from that hamlet. A call was received at the factory here for gas masks.

It was said the gas had spread over a wide area.

BLOOMINGTON, Ill.—Thirty five girl students at the Illinois state normal university gathered 150 bushels of corn as the result of their first day's work on a nearby farm, it was announced today. Farm hands being scarce, the girls volunteered their services in gathering the crops.

WASHINGTON.—By mining 6,328 tons of coal in the 251 normal working days from January 1 to October 23, inclusive, or more than 25 tons a day, H. L. Witt, of Hatfield, W. Va., has established a record which the fuel administration believes will stand for the West Virginia coal fields, if not for the entire country. The miner has been commended by the "effective patriotic service."

NOV. 6 DAY OF PRAYER
New York.—Presbyterian national headquarters issued a call to 10,000 churches throughout the country to observe Wednesday, November 6, as a day of prayer for abatement of the influenza plague.

KAISER QUILTS IS AGAIN RUMOR

Allied Forces Take More Than 50,000 Prisoners.

AUSTRIANS IN ROUT

LONDON, Friday, Nov. 1.—Independents Socialists thruout Germany are about to start an agitation for immediate abdication of emperor William. The dismissal of Field Marshal von Hindenburg and the withdrawal of commands from the crown princes of Prussia and Bavaria, according to an Amsterdam despatch to the Exchange Telegraph Company quoting the Volks Zeitung of Leipzig.

LONDON, Oct. 31.—10:50 p m.—High placed German officials at Copenhagen this afternoon received information that the German emperor had abdicated, according to the Copenhagen correspondent of the Exchange Telegraph Company who adds: "Nothing is said about the crown prince."

ROME, Oct. 31.—Prisoners taken by the Allied forces in their offensive on the Piave river now number more than 50,000, the Italian war office announced today. More than 300 guns have been captured.

LONDON, Oct. 31, 6 p m.—Conditions in the interior of Austria-Hungary virtually preclude a continuance of fighting, according to news reaching London this evening. The railways necessary for the maintenance of the military forces of the dual monarchy have become utterly disorganized.

All communication between Agram, Flume, Budapest and Vienna has been interrupted and the railway communications between Berlin and Vienna have been cut. The monarchy is faced with complete internal anarchy.

VIENNA, Oct. 31.—via London.—An Austrian deputaion has been permitted to cross the fighting line for preliminary parleys with the Italian commander.

War Summary Shows Autocracy's Cause to Wane

Turkey is out of the war and Germany's remaining ally, Austria-Hungary, badly defeated on the field of battle, her battle line rent in twain and with chaos reigning inside her border is pleading for an armistice.

Thus far her importunities have received no better answer than the redoubling of the efforts of the allies to crush utterly her warriors.

The capitulation of Turkey is believed to have been an unconditional one. The victories of the allied forces over the Austro-Hungarians threaten to send what remains of the enemy armies reeling back to their border line shattered and completely vanquished.

More than fifty thousand prisoners have been taken by the Italian, British, French, American and Czechoslovak forces and everywhere, from the mountain range to the plains of Venetia the enemy is being sorely tried.

In the mountains where stiff resistance had been offered to keep the foe from entering the back door of Austria, the enemy's front is cracking under the violence of the attacks and important strategic positions are being lost. To the east of the Piave the allies have driven in a sharp wedge to the northeast of Belluno, some twenty miles from their original point of departure and severed connection between the armies in the north and those on the Venetian plains.

Over the plains leading toward the Austrian frontier at the Isonzo river the invaders everywhere are in full flight with the allied troops pressing them hard. Here the debate seems to be complete. The enemy in his flight is leaving behind large numbers of guns and great quantities of war stores as he endeavors to reach the passages over the Taglianento river. It seems not improbable that on the plains and in the region east and west of Belluno large numbers of the enemy are destined to be captured. On the western battle front there is little fighting of a violent character but the intensive operations of the air-men seems to pressage an early return of battles of major importance. In Belgium both the British and Belgian troops have made slight gains, while the French on the southern part of the line in France have advanced their lines and taken prisoners.

Aside from reciprocal artillery duels and continued aerial raids by the Americans and Germans the American sectors east and west of the Meuse have been comparatively quiet.

In the Serbian theatre the Austro-Hungarian eastern army has succeeded in outdistancing the Serbians and reaching their home territory across the Danube. In Mesopotamia the Turkish army which for so long held up the British in their attempts to proceed up the Tigris river which lately has been suffering severe defeats has surrendered in its entirety to the British commander. Thru the defection of Turkey the plight of the Teutonic allies becomes a critical one. The gateway of the eastern boundaries of Germany and Hungary is opened by way of the Dardanelles and the Bosphorus, and doubtless shortly allied fleets will invade the Black Sea and begin operations in this heretofore unattainable region. Such warships as the Germans have afloat in the Black Sea, including the Russian Black Sea fleet, will prove no barrier to the mighty floating fortresses the entente can impose against them.

Shattered little Roumania by the collapse of Turkey again is likely soon to be inside the entente fold and aiding in the operations against the nations which crushed her. Likewise the armistice which lets Turkey out of the war a menace to the enemy in Russia and is likely to prove of the greatest value in quickening a return of normal conditions in that country.

mander according to the official announcement tonight.

ITALIAN HEADQUARTERS, Wednesday, Oct. 30.—(By The Associated Press).—In answer to Austria's announcement that she was ready to evacuate Italian territory Italy has officially replied that the offer has come too late. It is assumed that Italians will endeavor to drive the Austro-Hungarians from Italian soil before an armistice can be signed.

General Diaz, the Italian commander-in-chief has issued the following bulletin to his troops: "Soldiers, forward! In Italy's name we will place the wreath of victory on the tombs of our glorious dead. Forward! Our immortal country calls!"

Allied troops advancing from the Piave river have captured 30,000 Austro-Hungarians and have taken hundreds of cannon.

The third army is still advancing, taking thousands of prisoners and many cannon. The problem of the Allied commanders now is to throw enough cavalry and light troops across the Piave river which still is low to overtake and capture the main sections of the Austro-Hungarian army.

LONDON, Oct. 31.—Disorder prevails thruout Austria-Hungary in addition to immense confusion. Serious outbreaks have occurred at Budapest and agitation are spreading everywhere, according to dispatches from neutral papers. The Berlin correspondent of the Copenhagen National Tidende says that on the Hungarian-Croatian frontier thousands of deserters are committing outrages, railway trains are being attacked and robbed.

In Slovenia several castles are afire and towns are burning. Another despatch says that Austro-Hungarian soldiers are deserting into Serbia. During demonstrations at Prague, American flags were unfurled and diminutive reproductions of the Statue of Liberty were displayed. President Wilson was repeatedly cheered.

SUBMARINE SINKS.
Washington, Oct. 30.—Sinking of an enemy submarine in the Aegean Sea, by shell fire from a Greek merchant ship was reported in a despatch received today by the Greek legation from its government. No details were given.

ARMISTICE PLANS NEARLY OUTLINED

Military Phases Settled by Agreement of Allies.

HUN LOSES IN EAST

WASHINGTON, Oct. 31.—President Wilson cleared up today as intermediary for armistice and peace plans of the central powers just as press despatches were bringing the news of Turkey's surrender and of events foreshadowing an early collapse of Austro-Hungarian arms.

Formally as well as actually the whole question of the conditions upon which the war may end now is before the American and Allied representatives in Paris. The next step probably will be the decision of those representatives on armistice terms, unless before then Austria follows the example of Bulgaria and "surrender" capitulates in the field before the great drive that is cutting her forces to pieces in Italy.

It may be stated that, while the armistice program which the Germans await may not differ essentially from the predictions that it will include surrender of the German navy and submarine fleet, disarmament of German armies and occupation of German strongholds, the framing of the program has not been completed and any informal announcements are premature.

Military Phases Settled
Exchanges between the American and Allied governments as well as discussions among the representatives of France still are in progress. It was estimated today that the purely military phases of the problem probably had been worked out in advance by the supreme war council, but that unhurried deliberations are necessary to dispose of certain questions involved in the making of permanent peace which must be dealt with in finally fixing terms of an armistice.

Secretary Lansing made public during the day a note handed to Ambassador Riano of Spain informing him that the Turkish request that he propose an armistice and peace negotiations, delivered by the Ambassador October 14, had been transmitted by the president to the governments at war with Turkey. Later the secretary announced that the last Austrian communication supporting a similar appeal with acceptance of the stipulation of complete independence for subject nationalities had been forwarded to America's co-belligerents.

Minister Ekengren of Sweden in charge of Austrian interests was so informed verbally the President apparently having decided that it was unnecessary to send the written reply he was reported yesterday to be preparing. This leaves one note unanswered, that of Count Andriassy, the Austrian foreign minister asking Secretary Lansing to intervene with the president for favorable action on Austria's request. Since the president already has acted Mr. Lansing probably will make no reply.

Germany Loses Eastern Hold
With Turkey and Bulgaria out of the war and the Dardanelles and Bosphorus in the hands of the Allied German's "back" on the east is broken. Guard duty is to work left for the military forces of the Allies may consider necessary to keep there. For the Allied navies there remains the job of capturing or wiping out the German controlled fleet on the Black Sea.

Officially neither the Washington government nor the Allied embassies had been informed of the day's events. Only thru press despatches did they learn the fall of Turkey and they had no information thru their own channels of the reported action of the Austrian commander on the Italian front in applying directly to General Diaz, the Italian commander-in-chief for an armistice. When he left Secretary Lansing's office late in the afternoon with Secretary Baker, President Wilson wore a broad smile. He remarked as he emerged into the hall crowded with two score newspaper men:

"This seems to be a very curious crowd," but he said nothing to satisfy the curiosity of the correspondents.

In some quarters the belief prevails that the Dardanelles will be internationalized thus opening the Black Sea to the commerce of the world and giving Russia an outlet to the Mediterranean Sea.

AIR CRAFT REPORT LONG AWAITED IS MADE PUBLIC

DEFECTIVE EARLY ORGANIZATION OF WORK SHOWN BY MR. HUGHES

Criminal Prosecution of Three Army Officers Is Recommended—Attorney General Gregory In Substantial Accord With Report Findings.

WASHINGTON, Oct. 31.—The long awaited report on the aircraft investigation conducted during the last five months by Charles E. Hughes and Attorney General Gregory was placed before President Wilson today by the attorney general and immediately made public. Delays and waste of the productions program the report declares, were due chiefly to the defective organization of the work of aircraft production and the serious lack of competent direction of that work by the responsible officers of the signal corps.

No fault is found with the management of aircraft affairs since the re-organization of last May which placed John D. Ryan in charge. The civilian personnel of the aircraft production board is exonerated of any wrongdoing.

Attorney General Gregory in a letter transmitting the report to President Wilson says he is in substantial accord with the finding of Mr. Hughes.

Report Finds No "Graft"

The report finds no "graft" in the generally accepted sense, but makes recommendations for proceedings against army officers held guilty of dealing with corporations in which they are interested. The chief waste from the original appropriation of \$691,851,866, the report says was in the abandonment of two types of airplanes—one of them the Bristol—and a failure to salvage, aggregating about \$24,000,000,000. The figures show that last May of the great appropriation \$134,000,000 actually had been disbursed and that up to October 1st, the expenditure had reached about \$140,000,000, for all aviation purposes. This did not include expenditures of the sales department which buys material and resells it to manufacturers and for building plants.

Contracts let committed about \$407,000,000 of the fund. The figures are given in answer to the general charge that the sum had all been expended with practically no results. The attorney general concludes in his letter of transmittal that "no such profits have been allowed as to justify a charge of bad faith."

Col. Deeds the Storm Center.

Colonel Deeds, the storm center about whom ranged most of the charges, the report recommends, should be brought before a court martial for sending confidential war department information on the aircraft situation to former business associates in Dayton, Ohio, and for being sponsor last February for a "grossly misleading statement" to the effect that the first American built battle planes are today enroute to the front in France.

Criminal prosecutions of three army officers are recommended on the ground that they transacted business with corporations in which they were financially interested. These officers are:

Lieutenant Col. J. G. Vincent, former vice-president of the Packard Motor Car company, now in charge of the airplane engineering division of the aircraft production bureau.

Lieutenant Col. George W. Mixer, a stockholder in the Curtis Airplane & Motor Corporation, production manager of aircraft bureau.

Second Lieutenant Samuel B. Vrooman, Jr., inspector of propeller lumber and stockholder in the S. B. Vrooman company of Philadelphia.

Organization Improved.

Mr. Hughes concluded his report with the statement "It is not within the province of this report to make recommendations with respect to administrative policy, but it should be said that under the direction of Mr. Ryan and Mr. Potter there has been improvement in organization and progress has been made in gratifying measures."

William C. Potter, to whom Mr. Hughes referred, is assistant director of aircraft production. The general conclusions and recommendations by Mr. Hughes follow: "The evidence discloses conduct which cannot be regarded as affording a sufficient basis for charges under existing statutes but there are certain acts shown which should lead to disciplinary measures." It is recommended that the officers found to have had transactions on behalf of the government with corporations in the pecuniary profits of which they had an interest should be prosecuted under section 41 of the criminal code.

"The federal trade commission should be requested to report upon the proper cost of mahogany for airplane propellers to the end that upon the coming in of its report the question of the propriety of further action with respect to the transactions of the mahogany manufacturers and importers association may be determined. It is recommended that officers of the department of justice should keep in touch with the re-audit of accounts so that it may be advised of the complete enforcement of the rights of the government in final settlement of accounts.

"Permit me also to suggest that a special division, or sub-division of the present bureau of investigation in the department of justice should be assigned to the consideration of suggested delinquencies in connection with aircraft production so that the work already done may be appropriately followed up. In particular it is recommended that the activities in relation to spruce production, which being largely centered on the Pacific coast it was impracticable to embrace in the present inquiry should be carefully scrutinized."

BRITISH REACH LIVENZA

LONDON, Oct. 31.—British forces fighting east of the Piave have reached the Livenza river at Francobigio and the Italians have occupied Oderzo, according to an official statement on operations in Italy issued at the war office today.

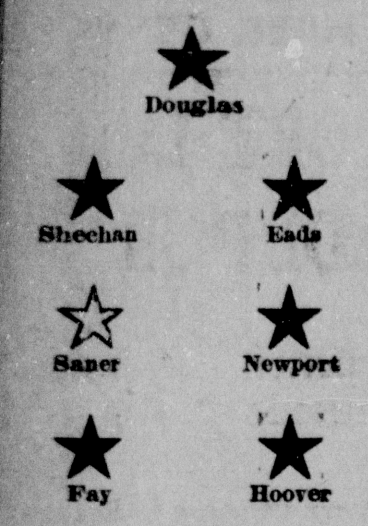

TO CALL 200,000 MEN

Washington.—Provost Marshal General Crowder is preparing a call for 200,000 men of new draft ages from all states early in November.

TROOPS ARRIVE SAFELY

LONDON, Oct. 31.—A transport carrying 6,000 American soldiers has arrived at a British port. During the trip there were only fifty cases of influenza recorded. One death was caused by the disease. The success achieved in combating the malady was achieved in the opinion of physicians to the fact that every man wore a cloth mask during the voyage.

A patriotic duty: to vote for all three propositions on the little ballot.

The Kaiser realized that an armistice is his only hope at this time. He is too wise to be trusted.

Do not forget the little ballot on the 5th of November. All three propositions are worthy of support.

To vote for the proposed bond issue for the building of good roads is a vote to help yourself out of the mud.

Don't get cold feet and the influenza standing around waiting for peace. Keep hard at your own job. That's what the soldiers are doing.

Germany never has had a true parliamentary government but as built up its policies on the

unholy ambition of the war mad despots. It is too late now to attempt to atone for the past by a mere change in the form of the government. "You make no alteration in the contents of the bottle by changing the label."

Charles E. Hughes in a recent speech, voiced a call for national unity "after the methods of a Republic and not an autocracy" and said that bi-partisan support alone would save the president from the lesser dignity and influence of mere party leadership. Mr. Hughes is one of the many Republicans who have been serving the government in every possible way to win the war.

Speaking of the German appeal for peace the German chancellor said in the Reichstag: "this is a great effort of a proud people accustomed to victory. Are they so proud of the murder of women and mutilation of little children? The atrocities committed by the German armies, presumably sanctioned by the rulers of that country, would bring a blush to the cheek of his saintly majesty."

AN OLD PROBLEM
Celebrate Illinois Centennial by voting YES on the Little Road Improvement Billot on Nov. 5. For one hundred years the people of Illinois have been wrestling with the road problem and have made no considerable headway as to permanent roads. With a State-wide system of 4800 miles of durable hard roads to be paid for by auto license fees and without a penny of taxation, is the only way to secure a network of hard roads in the near future. Illinois' industries, commerce and agriculture will benefit immensely from such a system. Let us have hard roads while we are alive. Don't forget to vote YES.

Democratic United States Senator Reed is back in Missouri speaking in the interests of the Democratic ticket, but has attacked President Wilson's pet idea of a league of nations to enforce peace after the war, saying that in his opinion such a league would ultimately entangle the United States in the ambition, intrigues and interests of European courts and monarchies and strip the nation of even partial sovereignty. The president should make immediate use of his typewriter to call in Reed.

Today, November 1, is All Saints' Day and presents the coincidence in Catholic ritual of a holy day of obligation falling on Friday. For this reason, when Christmas falls on Friday the regulation to fast is suspended and Catholics may eat meat, although it is Friday. This permission was granted by Pope Pius X. Another privilege recently

allowed gives papal sanction to every priest to say three masses on All Souls' Day, which is Saturday, November 2. This season is also much observed in the Episcopal Church.

Col. George Harvey has made the following extract from one of President Wilson's own books. Speaking of a man well known in the history of this country, he said: "He had the pride, the spirit of initiative, the capacity in business which qualify men for leadership, and lacked nothing of indomitable and imperious purpose to make his leadership effective. What he did lack was wisdom in dealing with men, willingness to take the judgment of others in critical matters of business, the instinct which recognizes ability in others and trusts it to the utmost to play its independent part. He too much loved rule, had too overweening confidence in himself, and took leave to act as if he understood much better than those did who were in actual command what should be done in the field. He sought to control too many things with too feminine a jealousy of any rivalry in authority." The president is a good father, but for a time you may fit in the name of the person to suit the description as you please.

WHAT YOUR MONEY CAN DO.

\$4,500 will build a standard camp building.
\$3,500 will supply a motor truck for supply transport service in America or France.
\$1,500 will equip a building for service to a brigade of about 6,000 men.
\$500 will save the lives of fifty prisoners of war.
\$250 will equip with instruments a complete orchestra which can give daily entertainments to thousands of men.
\$100 will equip with books a camp library, making educational classes possible for many men.
\$50 will provide "comforts" for fifty wounded or dangerously ill men.
\$25 will provide writing material enabling thousands of men in camp to keep in touch with home.

COMPETENT TO SERVE.
George L. Riggs, who is Republican candidate for county clerk, has made an excellent impression on the voters of the county during the progress of the campaign. Mr. Riggs has spent all of his life in this county and his record is one to the most critical inspection. He assures the public that if elected to the office of county clerk that he will conduct the affairs of the office in a thoroughly business-like way and at the same time will extend uniformly courteous treatment to the public. Mr. Riggs is honest and competent and has the confidence of the people who know him best.

FOR COUNTY JUDGE.

If Paul Samuel is elected to the office of county judge he will bring to that position the experience resulting from a successful practice in his profession. Mr. Samuel studied law in Bloomington, where he earned his way by doing reporting work for the Pantagraph. The industrious habits formed in his student days have been followed in subsequent years and have had much to do with his successful work at the bar. Mr. Samuel has full appreciation of the dignity and importance which rightly attaches to the office of county judge, and he is capable of filling that position with credit to his party and the county in general.

KEEP THESE IN MIND.

If there is anyone who is disposed to let his heart soften toward Germany because of her peace drive, let him remember what Germany set out to do when she started the war, and what Germany demanded when she thought she was winning the war. Germany's demands were, perhaps, never more clearly stated than by Count Roon member of the Prussian upper house, and Pan-German Junker, when the German fortunes were at the height of their success. Here are the demands:
Germany is entitled to the following terms because of its strength, and until they are realized, there should be no armistice:
Annexation of Belgium, Annexation of the entire Flanders coast including Calais, Annexation of the Brie and Longwy basins and the Toul, Belfort and Verdun regions eastward.
Restitution to Germany of all her colonies, including Kiaochow.
Great Britain must cede to Germany such naval bases and

coasting stations as Germany designates.

Great Britain must give Gibraltar to Spain, cede its war fleet to Germany, give Egypt and the Suez Canal to Turkey.
Greece must be re-established under former King Constantine, with frontiers as before the war.
Austria and Bulgaria will divide Serbia and Montenegro.
Great Britain, France and the United States must pay all of Germany's war costs, the indemnity being a minimum of \$5,000,000,000.
They must also agree to deliver raw materials immediately.
France and Belgium must remain occupied at their expense until these conditions are carried out.
Keep these in mind when Germany asks for "a peace of justice."

Rippling Rhymes By Walt Mason

Rejuvenating.
The man who tells the long hours thru goes home at close of day; he is so sore in every thing, so weary, all he hopes to do is just to hit the hay. He says to Ma and Old Dog Sheep (who he has reached his chair, "My work has robbed me of my pep; I wouldn't take another step, to be a millionaire. Just hand me here the daily sheet, so I may scan the news, and then to slumber deep and sweet I'll drag my aching swollen feet, now sticking to my shoes." He reads a while and then he cries "Great Scott, Maria Jane! The way we souk those Prussian guys! The fur of Kaiser Wilhelm flies! Hand me my bat and cane! I'll have to go and see the boys, and talk the war news o'er, and make a glad, triumphant noise; a batch of news like this destroys that feeling tired and sore. I may be home by 10 o'clock, I may be home by one; I'll take a quite a while to talk about the way our soldiers knock the savages from the Hun." And then with blithe and springy stride he chases down the street, to talk with neighbors, far and wide, of how the tail goes with the hide when Yank and German meet. The kind of news we've had of late is far better than pills, to brace the worn and weary skate and make him keep his smile on straight, and banish all his ills.

AUTOMOBILE TURNED TURTLE

An automobile turned turtle in West State street at the intersection of that street and Webster avenue about 6 o'clock Thursday evening. The driver evidently was driving south on Webster avenue and in turning into West State street the car struck a railroad tie and ran into a pile of bricks and turned upside down. It was not learned to whom the car belonged but later several men righted the car and the owner had it hauled away. Apparently the only damage was to the steering gear.

QUICKLY OVER THERE

W. F. Bretz, superintendent for contractor, J. E. Bretz, has received a letter from his son who has arrived safely in France, is well and much pleased with his surroundings and matters generally. The young man left home August 27th and October 8th was on foreign soil which is rather prompt work compared with the experience of some of the boys.

REMEMBERED PUPILS

Prof. G. C. Claybaugh of Brown's Business College treated the students yesterday to some fine apples. Owing to the ruling prohibiting parties Mr. Claybaugh bought apples and gave them to the students. The afternoon was spent in singing songs and a general good time was had. The students greatly appreciated the thoughtfulness of Mr. Claybaugh.

HEALTH CONDITIONS SOMEWHAT BETTER

However Ban on Public Gatherings Still in Effect—Dr. Drake Instructs Local Authorities to Make No Change.

Altho the general influenza situation in Jacksonville has improved, the ban on public meetings cannot yet be lifted, according to a statement made yesterday by J. Edgar Martin, commissioner of public health and safety. Because of generally improved conditions here Mr. Martin Thursday morning told the commission with Dr. H. St. Clair Drake of the state board of health, with the hope of getting authority to lift the general quarantine here.

Commissioner Martin went over the whole situation with Dr. Drake and it was the opinion of the state health official that no change would be made at this time in the election of rules affecting public assemblies. There were eighteen new cases Thursday and Dr. Drake indicated that in proportion to the population he considered this number too large to permit restoration of normal rules. While in some instances people here have questioned the necessity of placing such general restrictions on public gatherings, those who are familiar with general conditions throughout the state believe that the action taken here was very helpful in preventing a greater prevalence of the disease.

A NEW AND USEFUL VEGETABLE

Rev. James O. Kirkpatrick has in his experimental garden tried out a new and interesting vegetable called Tung Qua. The seed came from China and likewise the name. The vegetable belongs to the genera Cucurbitaceae of which cucumbers, pumpkins, squashes, watermelon and several other members of the family belong. This vine fruit is peculiar in the fact that its uses are more general than many of the other varieties of this family of useful vegetables.

At almost any stage of development it can be used, from the size of goose eggs until the plant is fully matured. In the young and very tender stage it is used in soups which to the Chinese is a very great delicacy. At this stage of growth it can be used as a cucumber is used. It is in making up salads, etc. As it grows older it is used as a squash baked or stewed and then dressed and baked while it is used as pumpkin for pies. It is always green in color except when fully ripe it takes on a whitish outer bloom which is an indication of its having attained its maturity. When young it is very hairy, literally covered with bristly hairy covering. The specimens shown in the Journal window are fine matured specimens. Through the kindness of the Chinaman who furnished the seed for Mr. Kirkpatrick the Chinese figures on the placard spell out the name in Chinese, which is, Tung Qua. The person will be interested to furnish a few seeds to any who may desire to try out this fruit next spring.

A LETTER FROM A SOLDIER IN FRANCE
Marietta Gruber, a pupil of the First Ward, has received a letter from a soldier who received her little parcel sent last Christmas.

The letter is the following:
Somewhere in France.
Dear Little Friend:

I am writing you to thank you for sending me the parcel thru the Red Cross. Perhaps you will think that some soldier did not appreciate your kindness and thoughtfulness enough to write you a letter of thanks, but, such is not the case. I assure you my little benefactress, that I appreciate the little parcel very much, and I would like to send you a little souvenir from France in return to your kindness. If you would like to have some thing from France, I would be pleased to send you something if you will write me, I will get something for you.

To explain why you haven't received a letter before, the parcel containing your parcel was lost somewhere and I received it only a few weeks ago. So that reason you haven't received a letter of thanks before.

I appreciate your parcel very much, for it came from near home. I live in St. Louis and have been in Jacksonville several times.

I can't write you much about France as you ask, because the censor does not let much news get out. I like France very well, but I will be very glad to get back to America. I have been in France since July, 1917, and I am a little home-sick.

So you are proud of American soldiers. I am too and we "over here" are proud of your people at home for helping us.

Our people at home can't come to France, but they can help us by buying Bonds, Stamps, etc., and saving food, so the soldiers as well as the brave French and English soldiers and people may have enough. The more our people at home help us in that way the sooner the war will end. So I am sure that we are and will continue to be the good soldiers as soldiers have proven themselves to be.

I must close my letter now and eat my supper as the French soldiers are ready for it. I am at present working and eating with the French.

Again thanking you and with all good wishes.
Yours truly
Private Roy W. Lamkin,
Co. A, 12th Engineers,

IN THE MIND

Saving money, like every other good act, BEGINS IN THE MIND. Set it down as a principle from which you will never depart that a certain portion of all you make shall be saved. Cultivate this habit of thought. Thoughts are things. And the most fruitful seed in the efficient mind is the constant thought of thrift.

MOTHER! GIVE CHILD "SYRUP OF FIGS" IF TONGUE IS COATED

If Cross, Feverish, Sick, Bilious, Clean Little Liver and Bowels.

Children love this "fruit laxative" and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty its bowels, and the result is, they become tightly clogged, with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs" and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a bottle of "California Syrup of Figs" which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.

Dear Little Friend:

I am writing you to thank you for sending me the parcel thru the Red Cross. Perhaps you will think that some soldier did not appreciate your kindness and thoughtfulness enough to write you a letter of thanks, but, such is not the case. I assure you my little benefactress, that I appreciate the little parcel very much, and I would like to send you a little souvenir from France in return to your kindness. If you would like to have some thing from France, I would be pleased to send you something if you will write me, I will get something for you.

To explain why you haven't received a letter before, the parcel containing your parcel was lost somewhere and I received it only a few weeks ago. So that reason you haven't received a letter of thanks before.

I appreciate your parcel very much, for it came from near home. I live in St. Louis and have been in Jacksonville several times.

I can't write you much about France as you ask, because the censor does not let much news get out. I like France very well, but I will be very glad to get back to America. I have been in France since July, 1917, and I am a little home-sick.

So you are proud of American soldiers. I am too and we "over here" are proud of your people at home for helping us.

Our people at home can't come to France, but they can help us by buying Bonds, Stamps, etc., and saving food, so the soldiers as well as the brave French and English soldiers and people may have enough. The more our people at home help us in that way the sooner the war will end. So I am sure that we are and will continue to be the good soldiers as soldiers have proven themselves to be.

I must close my letter now and eat my supper as the French soldiers are ready for it. I am at present working and eating with the French.

Again thanking you and with all good wishes.
Yours truly
Private Roy W. Lamkin,
Co. A, 12th Engineers,
A. E. F., France.

DEMOCRATS BLOCK PEACE AND POLITICS TALK
Washington, Oct. 31.—Senate Democrats upset Republican plans for bringing up questions of peace and politics today by raising the point of no quorum and forcing adjournment until tomorrow. This program had been agreed upon by the Democratic steering committee to be followed daily until after the elections unless the Republicans in the meantime consent to the recess over the elections which they have blocked so far. Twenty-one Democrats voted for adjournment and twelve Republicans against it.

Senator Brandegee of Connecticut, Republican, insisted upon a roll call, saying he desired to place the Democrats on record as opposing a discussion of the president's recent political letter and the peace notes.

AUSTRIAN TROOPS TO WITHDRAW FROM ITALY
VIENNA, Oct. 30.—via London.—Austrian troops fighting on Italian soil will be withdrawn, according to an official statement issued by the war office tonight. The statement reads:

"Taking into account the resolve so often expressed to bring about a conclusion of an armistice and peace, putting an end to the struggle of nations, our troops fighting on Italian soil, will evacuate occupied regions."

"In the Italian theatre there has been only minor fighting activity on the Tyrolean front. Between the Brenna and the Piave fresh and superior enemy forces attacked Monte Asolone and Monte Pertica. Our troops with unexampled and soldierly faithfulness brought all the enemy's efforts to naught."

You can find a great line of sweaters ranging in price from \$1.50 to \$9 at Tomlinson's.

CHICAGO THEATERS ARE RE-OPENED

Chicago, Oct. 31.—Altho Chicago theaters closed by the influenza quarantine re-opened tonight, Illinois health officials warned cities downstate against similar action before next Monday night. The warning resulted from reports that Springfield, Bloomington and Danville had made arrangements for re-opening their theaters Friday night.

In Illinois today 236 communities reported 3,767 new cases of influenza, a large reduction from the previous day. The improvement in the Chicago situation was continued.

LEGISLATIVE LEAGUE MAKES ENDORSEMENTS.
Jacob Frisch of Springfield; Fred W. Wanless of Riverton, Republicans and Henry J. Rodgers of Jacksonville, Democrat have been recommended for membership in the next general assembly from this district by the Legislative Voters League. Following a custom now of long standing the league has studied the candidates throughout the state and makes recommendation on the basis of this investigation. The league declares that the record of the last legislature was "more creditable than any preceding legislature within a generation." As a result in almost every case where members are candidates for re-election they have the support of the league.

WORK FOR FRENCH ORPHANS.
Mrs. W. T. Scott, chairman of the Morgan county committee now engaged in finding friends for orphan children of France, yesterday added Mrs. Miller Weir to the list of persons who will be responsible for the welfare of a French child during the coming year. This work is one which has strong appeal and a number of organizations and individuals are now arranging to have a part in the work.

HALLOWEEN VANDELS

There was more than usual Halloween vandalism last night and a number of parties were held, notwithstanding health restrictions against assemblages are still in effect. There was some destruction of property and a number of windows were reported broken by boys, who threw bricks or other missiles and then quickly made their escape. The fence at the residence of Dr. Charles E. Cole was torn down and fences in a number of other localities damaged. In the business district boys were busily engaged in chalking store fronts and doing other hoodlun work on an annoying kind.

HUGHES AIRCRAFT REPORT READY

Washington, Oct. 30.—Government plans for turning out quantities of airplanes and results thru co-operation of manufacturers are generally commended in the report of Charles E. Hughes on the aircraft investigation to be sent to President Wilson tomorrow by Attorney General Gregory and made public then. A number of specific acts and plans involved in the big task of preparing the nation for warfare in the air are declared subject to criticism but in the light of later developments some of these are held to be excusable.

CANNON DEFENDS MCKINLEY'S RECORD

Washington, Oct. 30.—Representative Cannon of Illinois, former speaker of the house issued a statement tonight replying to the recent letter of Secretary Tumulty to the Cuyahoga county Republican Club at Cleveland, Ohio, in which Mr. Tumulty quoted from speeches by President McKinley in 1898 in an effort to show that President Wilson's appeal for the return of a Democratic congress was not without precedent. Mr. Cannon said that he heard many of the speeches by President McKinley in the 1898 campaign and denied that Mr. McKinley raised any issue of "partisan politics."

FLU DECLINES AT ARMY CAMPS

Washington, Oct. 30.—While new cases of influenza and pneumonia at army camps in the United States showed a decline today, an outbreak of influenza at Camp LasCasas, Porto Rico, sent the total of new influenza cases above that of yesterday. Reports received by the surgeon general tonight for the twenty four hours ending at noon today showed a total of 3,015 new influenza cases, 562 being reported from Camp LasCasas. New cases of pneumonia, however, were only 398 against 619 yesterday and deaths were 151 compared with 1,918 the day before.

ROCKEFELLER AIDS Y. W. C. A. WORK

New York, Oct. 30.—John D. Rockefeller, Sr., has turned the three upper floors of his city home into dormitories for women taking the special course in re-educational work to be started here on November 29 by the war work council of the Young Women's Christian association, according to an announcement tonight.

The house has been closed for several years and Mr. Rockefeller was persuaded to donate the use of the rooms by his daughter-in-law, who as chairman of the war work council, is interested in training women to provide recreation for girls engaged in war industries.

LOCAL BUSINESS MEN AGREE TO CONSERVE

F. J. Waddell, Chairman Commercial Economy Administration, Secures Agreement of Various Firms to Restrict Deliveries in Accordance With State Council of Defense Request.

Mention was made some time since that F. J. Waddell had been appointed Morgan county chairman for the Commercial Economy Administration of Illinois. This is a department of the state council of defense and purposes to bring about various economies in the use of manpower, equipment and fuel. The first task outlined for Mr. Waddell was to secure the co-operation of local business men in restricting delivery of goods and thus eliminating costs. Mr. Waddell immediately took the matter up with business firms having delivery systems and as a result a large majority of them signed the agreement which the state council of defense has outlined. By this agreement the various firms have indicated that they will first restrict deliveries to one trip a day over each route; second, that they will eliminate special deliveries; third, that they will restrict the privilege of returning merchandise to not more than three days.

The following firms have signed the agreement and the names have been transmitted to the state council of defense:

C. J. Deppe & Co.
F. J. Waddell & Co.
Florence Dry Goods Co.
Rabjohns & Reid.
C. C. Phelps Dry Goods Co.
J. Herman.
H. J. & L. M. Smith.
L. C. & R. E. Henry
Myers Bros.
T. M. Tomlinson
Lukeman Bros.
E. A. Schoedsack.
J. B. Johnson.
R. A. Gates Fuel & Ice Co.
Brady Bros.
Graham Hardware Co.
Grand Steam Laundry.
Andre & Andre.
Barr's Laundry.
Johnson & Hackett.
C. E. Hudgin Furniture Co.
John W. Merrigan.
Hopper & Son.
Hood & Larson.
Kresge Co.
Woolworth Co.

Others Asked to Join.

It is quite possible that in sending out the blanks, same names were omitted and any retailer who failed to receive a blank should notify Mr. Waddell. The various business men entering into the agreement did so with some enthusiasm, not only because they wished to meet the request of the state council of defense, but further, because they realized that a great many abuses of the delivery system have grown up with passing years which occasions a great deal of really unnecessary expense. It is believed that store patrons will soon get into the habit of filing their orders early so that the goods may be sent out on the regular deliveries and with no resulting inconvenience. It is expected too, that store patrons will carry small packages with them.

In canvassing the business district Mr. Waddell said yesterday that he found quite a sentiment for shorter hours as a means of conservation. Mr. Waddell believes that all is necessary to put this movement into effect is for someone to talk the initiative.

In connection with his work as chairman for the Economy Administration Mr. Waddell has received the following letter from the state council of defense, addressed to the patriotic shipping public:

Y. M. C. A. WORKER TO RETURN SATURDAY.

L. K. Torbet, Transport Secretary of Y. M. C. A., to Address Gatherings Here Saturday—Has Many Interesting Experiences to Relate

L. K. Torbet of the Y. M. C. A. organization, who was heard with interest at the district conference here, will return to Jacksonville tomorrow morning. He will address employees at the J. Capps & Sons mill at the noon hour and will subsequently talk at the luncheon of the Morgan county workers. Mr. Torbet for a number of years held the post of naval officer of customs at the port of Chicago, a position now held by William Brown, so well known in Jacksonville. Mr. Torbet was appointed to the position by President Taft and served for one year.

Wilson Prior to take of the West Publishing Co. in St. Paul. After the U. S. entered the war he devoted himself largely to war work and came into special prominence in January and February of this year by his successful management of the smelting book campaign. March 1 he entered the Y. M. C. A. work and was stationed at the great embarking camp at Camp Merritt, which was located only about 20 miles from the embarking port at Hoboken. The first of May he made his first voyage overseas in the Y. M. C. A. service, being attached to a merchant line convoy. He has continued in that service until only a few weeks ago, he was detailed to assist in the campaign for the war work community fund.

During the summer and fall months he has made six trips overseas. In that work, as indicated, he was attached to the transport bureau of the national war work council and has been "loaned" to the central organization for the present campaign. He has had a great many interesting experiences in his work during the past few months and doubtless Morgan county people will hear about them in the course of the campaign. Mr. Torbet is also aiding in the work in Springfield and Decatur.

Mr. and Mrs. E. W. Brown expected to leave last night for Chicago to visit Warfield Brown, who has been taking a military training course at Northwestern university and who has recently been assigned to duty at Camp Taylor.

PROMINENT BANKER DIES SUDDENLY

Nelson Lampert of Chicago Passed Away Thursday—Was Vice President of Illinois Bankers' Association—Known to a Number of Jacksonville People.

Chicago papers yesterday carried extensive notices of the sudden death of Nelson Lampert, well known Chicago banker, who died very suddenly following a game of golf. Mr. Lampert was known to a number of Jacksonville people as he was several years ago as a guest of Mr. and Mrs. E. E. Crabtree. He has been prominent in financial circles in Chicago for a number of years and was identified with a number of important Chicago enterprises. For some time he has been serving as chairman of the Chicago park commission. Mr. Lampert was a thirty third degree Mason and the Chicago newspapers, referring to his death, classify him as one of the best known business men of the central west. At the time of his death he was vice-president of the Ft. Dearborn National bank and vice president of the Illinois Bankers' association.

The funeral is to be held in Chicago today, according to telegram received by Mr. Crabtree yesterday from the bankers' association.

John Smith of Concord was a visitor in the city yesterday.

ELECTION OFFICIALS TO ACCOUNT FOR BALLOTS

Attorney General Holds That Little Law Applies To Little Ballot as Well as That on Which Candidates Names Appear.

The good roads improvement bill and the other questions on the little ballot will probably have a heavier vote in the coming election than has been true with reference to public questions during recent years. This possibility is because election clerks and judges have had their attention called to the fact by Attorney General Brundage that they are required to account for the little ballots just the same as the regular ballots.

In the past it has frequently happened that a voter after being given the regular ballot and public policy ballot has left the "little ballot" in the voting booth, has dropped it on the floor or otherwise destroyed it. Under the law as cited by the attorney general, judges and clerks must account for all the ballots, no matter whether they contain the names of candidates or simply the special propositions submitted.

So when a voter is given the ballot and returns from the voting booth he must return the ballots to the election officials. If he does not do so it is the duty of these officials to call his attention to the fact. A copy of the opinion which was furnished by Mr. Brundage to the secretary of state has been sent to all county clerks and it is also understood that letters are to be sent on the same subject to all judges and clerks thruout the entire state.

DOCTORS FAILED TO HELP

But Lydia E. Pinkham's Vegetable Compound, Removed the Cause of this Woman's Illness

Worcester, Mass.—"I took Lydia E. Pinkham's Vegetable Compound for a weakness and pain which used to keep me in bed for two days each month. I tried many doctors without benefit until I was really discouraged. My mother urged me to take Lydia E. Pinkham's Vegetable Compound as it had helped her so much. I did so and soon saw a change for the better. I kept on taking it and am now so well and strong that I can do all my housework, even my own washing and I have a little baby who is as healthy as I could ask—thanks to your Vegetable Compound."

Mrs. F. H. Stone, 24 Bowdoin St. Worcester, Mass.

Women who suffer from displacements, irregularities, inflammation, ulceration, backache, headaches and nervousness should lose no time in giving this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial.

SUITS FILED

A partition suit has been filed by Judge E. P. Brockhouse for hearing at the November term of court. This is the suit of Jerry E. Plank et al. vs. Ida Gertrude Wells et al., and involves property in Chapin which belonged to the estate of Louis I. Nergenhah.

Judge Brockhouse has also filed a suit for George T. Briggs formerly of Chapin, who is seeking divorce from his wife, Ella Briggs. The complainant, who is now serving in the navy, charges his wife with habitual drunkenness.

SEEK TO USE **MR. WILSON**
London, Oct. 30.—The one and
greatest hope of the old guard in
German, judging from the Ger-
man papers, appears to be to
win a wedge between President
Wilson and the Allies and to
make the president play the part
of mediator, instead of belliger-
ent.

The Frankfurt Zeitung says:
"If the Allies insist upon such
disarmament terms as to make
further German resistance im-
possible, not only Germany, but
the (President Wilson) himself
would disappear from among the
factors which are decisive for
the conclusion of peace."

When Itching Stops
There is one safe, dependable treat-
ment that relieves itching torture and
skin irritation almost instantly and
cleanses and soothes the skin.
Ask any druggist for a 35c or \$1 bottle
of Anuric. It is a powerful skin cleanser
and will find that irritations, pimples,
blackheads, eczema, blotches, ringworm
and similar skin troubles will disappear
like magic.
A little zemo, the penetrating, satis-
fying liquid, is all that is needed, for it
banishes most skin eruptions, makes
the skin soft, smooth and healthy.

**THE strong and vigorous man or
woman is envied by less fortunate
humanity because of his or her
infirmities and ailments. The sufferer
says to himself, "If I could only be
well, how happy I would be," for health
is more essential to the joy of living
than wealth.
The kidneys almost literally wash the
blood and keep it clean and free from
poison. When the kidneys are clogged
they fail to filter out this waste and poi-
sonous matter. It remains in the system to cause
backache, rheumatic pains, sore muscles and
stiff joints.
Foley's Kidney Pills
help the system eliminate this poisonous waste.
They soothe, strengthen and heal sore, weak
and diseased kidneys and bladder. When the
kidneys are working properly, appetite returns,
refreshing sleep is possible, and health and
strength come again.
C. W. Smith, 1295 No. 4th St., Salina, Kan-
sas. I am very much pleased with the

have been very much troubled with my back
ache. I have taken several doses of Foley's Kidney Pills
and they have already helped me.

PIMPLY? WELL, DON'T BE
People Notice It. Drive Them
Off with Dr. Edwards'
Olive Tablets

**A pimply face will not embarrass you
much longer if you get a package of
Dr. Edwards' Olive Tablets. The skin
should begin to clear after you have
taken the tablets a few nights.
Cleanse the blood, bowels and liver
with Dr. Edwards' Olive Tablets, the
successful substitute for calomel; there's
no sickness or pain after taking them.
Dr. Edwards' Olive Tablets do that
which calomel does, and just as effec-
tively, but their action is gentle and
safe instead of severe and irritating.
No one who takes Olive Tablets is
ever cured with "a dark brown taste,"
a bad breath, a dull, listless, "no good"
feeling, constipation, torpid liver, bad
digestion or simply face.
Dr. Edwards' Olive Tablets are a
purely vegetable compound mixed with
olive oil; you will know them by their
olive color.
Dr. Edwards spent years among pa-
tients afflicted with liver and bowel
complaints, and Olive Tablets are the
immediately effective results.
Take one or two nightly for a week
and you will know how much better you
feel and look. 25c per box. All druggists**

TRADING IN STOCKS ACTIVE
NEW YORK, Oct. 31.—Trading
in stocks was active during the
morning when prices inclined
downward, but became more mod-
erate later on the general ad-
vance. Leaders in the recovery
included oils, shipings, copper,
rails, tobacco and the distilling
and fertilizer divisions.
United States Steel was freed
to new low level for the current
movement in the heavy selling of
the forenoon but rallied one and
one half points and closed at a
large fractional gain.
War shares also hardened, Bald-
win Locomotive, American Car
and some of the less prominent
equipments gaining 1 to almost
4 points on reports that the gov-
ernment's cancellation program
will be offset by further contracts
for new railway supplies. Mex-
ican Petroleum rose almost 17
points; Royal Dutch gained 10
points and others 2 to 5. Marine
preferred and Atlantic Gulf fea-
tured the strong shipments.
Southern Pacific and Union Pa-
cific, St. Paul preferred New
York Central and Reading led the
rally to advances of 1 to 2 1/2 points.
Sales amounted to \$25,000 shares.
Liberty bonds and international
issues were steady but railroad is-
sues varied slightly on lighter of-
ferings. Total sales (par value)
aggregated \$8,250,000.

**CORN MARKET
AVERAGES HIGHER**
CHICAGO, Oct. 31.—Month
end adjustment of trades did a
good deal to make the corn mar-
ket average higher today despite
news of the formal tender of
Turkey. Prices closed unsettled
at 1c net decline to 2 1/2c advance
with November \$1.18 to \$1.18 1/2
and December \$1.16 to \$1.17.
Oats gained 1 to 1 1/2 and provi-
sions finished irregular \$1 off to
\$1.25 up.
Uncertainty in regard to armis-
tice terms for Germany led to
numerous bulges and breaks in
the value of corn but the price
changes were kept within narrow
range than of late. Opinion
appeared to prevail that bearish
development concerning the war
had been discounted sufficiently
for the time being and this view
was borne out by the fact that
bulletins which told of the com-
plete surrender of Turkey as a
combatant had only temporary
weakening influence. Reports
however, that Austria had applied
direct for terms from the Italian
commanding general were not
hand until after the close. Dur-
ing the last dealings, attention
was chiefly devoted to evening up
of October contracts.
Oats showed independent
strength based on cash inquiry.
Lower prices on hogs weakened
provisions but rallies followed ow-
ing to an increase of demand part
of which was ascribed to packers.

BIG TOY DISPLAY AT PHELPS STORE

Made in America Goods Shown in Great Array.

No longer will our country beholden to Germany for toys if we are to judge from the display shown by the C. C. Phelps Dry Goods Co. The east show window gives a small idea while the extensive basement is a veritable fairy land and with its vast array of articles dear to the childish fancy, proudly can the proprietor say that all are made in America. If the embryo housekeeper wants to start business she will find ready to hand all sorts of miniature stoves, pans, kettles and the dishes of every description fully ample to stock a play kitchen. Passing on to the dining room there are all manner of dishes, for the table and as admirably made as any that ever came across the water. For the little bedroom there are beds, dressers, tables, trunks dolly beds and dolly clothes just too dear for anything. There are other playthings so nice and dear; blackboards, baby buggies, books, sewing sets, building blocks and the like. Baby's things may be washed in the tiny tub, dried on the line and duly ironed.

Games of all sorts abound; checkers, tiddewinks, bubbles and an endless list of all sorts. For the boys there are airships, submarines, tanks with a gun on each side, one in front; toy wagons, teddy bears, fire engines, Red Cross workers, fire patrols, musical devices and a great variety in all similar lines. Then too, all basement goods are arranged according to price; the 15 cent goods; 25 cent, 30 cent and so on, making a very convenient arrangement. The whole stock is inviting, excellent, conveniently arranged and reasonable in price.

A LIVELY OCTOGENARIAN

On the streets of the city there was seen a vigorous erect gentleman who would easily pass for 65 years of age but who was born in 1835. He was F. F. Clark, for 27 years president of the bank of Manchester and a man with a history. In 1835 his parents landed on the spot where Manchester now is located and the latter part of the year the boy was added to the family and Manchester has been his home ever since. His father was a farmer the boy was of a studious turn of mind and while not in any way avoiding work he sought the companionship of books and at the early age of eighteen began the career of school teacher, and a gentleman in the city yesterday said his mother, now 75 years old, was at one time a pupil of Mr. Clark.

When the Civil War broke out he volunteered in the 91st Illinois and served faithfully three years and was in many engagements and saw plenty of service but was not wounded or incapacitated and at the end of his term of service he returned home and at once took up his regular occupation. He prospered almost always and is now the owner of several hundred acres of fine land in addition to much other property but he is no boaster and has little to say of his possessions. He is wonderfully well preserved for one of his years and shows his age but little. He was one son, two daughters and ten grandchildren and bids fair to be with them for years to come.

Ladies interested in Fur coats, scarfs, or muffs can have the opportunity of selecting from a most extensive factory line at FRANK BYRNS Hat Store next Monday and Tuesday.

CHIEF HUNT REPORTS FIRES FOR OCTOBER

Total Fire Loss of \$1,055 with Insurance Loss of \$720

Fire Chief Samuel Hunt's report of fires for October shows that six alarms were responded to. The total fire loss was \$1,055 with an insurance of \$720.

The total value of property, both buildings and contents was \$14,575. The total insurance on the buildings and contents was \$5,800.

Alarms were answered with Truck No. 2. A total of five gallons of gasoline was used during the month. The name, location and kind of fire are given here.

M. M. Cordes, 1056 South Clay avenue, roof fire.

James Trahay, 527 Hardin avenue, gas explosion.

A. R. Gregory, 825 South East street, gas explosion.

Thomas Tivnen, 230 North Mauvalsterre street, house burned.

Frank Martin, 234 North Mauvalsterre street started from Tivnen house.

Bart Bull, 342 East Washington street, roof fire.

500 bushels of fancy hand picked sand land apples, \$1.25 per bu. in orchard. James Chambers, Naples.

SOLD HIS COWS

F. V. Correa finally succeeded in selling his 24 cows and a number of calves by private sale. A number of male calves he shipped to St. Louis for vealers. The purchasers of the animals were Henry S. Stevenson, Charles Lewis, Samuel Davis, William Dwyer, J. P. Dolan, J. Elmore, J. Ward, E. Barber, James Dobyns, J. W. Arnold, William J. Kirby of Lincoln Ave., L. F. Mueller, J. O'Brien, J. Caswell and Charles Stevenson of Little Indian. Some of the purchasers took more than one cow.

The queen of the flock was bought by Charles Stevenson of Little Indian. The cow was a Holstein and gave on ordinary feed six gallons of milk daily. Mr. Stevenson paid the handsome price of \$200 for her and she was one of the cheapest cows though not eligible to registry as the papers of her ancestors have not been looked after but she is a daisy just the same and a choice animal. Mr. Correa says with the feeding Mr. Stevenson will give her he is satisfied she will give seven gallons of milk a day. Her weanling calf brought \$20.50 in St. Louis. It seems a pity to veal a calf from such a cow but it was a male and selling it seemed the best course for Mr. Correa.

FOR SALE

TRANSCONTINENTAL TRAVELERS

A well filled and stocked automobile pulled into the city yesterday and drew up long enough to get directions. The occupants were from Fallerville, Michigan and were Mr. and Mrs. Edgar Collier, Mr. and Mrs. Robert Lang, Miss Alice Watkins and some children of Mr. and Mrs. Collier. They were on their way to California and expected to make Hannibal last evening. They were very pleasant, agreeable people and seemed much pleased with what they had seen of Jacksonville.

The sale being conducted for the benefit of Passavant Hospital will be continued from 3 to 5 each afternoon of this week and all day Saturday.

HERE FROM CAMP FUNSTON

Harrison Davenport is home from Camp Funston, Kansas, on a furlough of four days. His camp or cantonment, was very severely hit by the influenza and scores of brave soldiers gave their lives to the cause of their country without seeing the battlefield, but the situation is now much better.

A SNEAKING THIEF

Some person devoid of fear of the law or hereafter stole some choice bulbs from a flower bed in Nichols park recently. It is a trifle discouraging when so much labor and expense are put forth for the welfare and entertainment of the people, to have such thefts as this occur. The park board would be very glad to pay a reward for information resulting in the apprehension and conviction of the evil doer.
